

The Colorado Religious Coalition for Reproductive Choice (CORCRC) brings the moral power of religious communities to ensure reproductive rights, health and justice through individual counseling, education, and advocacy. The CORCRC is the primary religious voice for reproductive justice in the state.

The CORCRC is a group of dedicated clergy and people of faith advocating for access to reproductive health and choice. We provide educational resources and programs for clergy and the public to make sure that these rights remain strong and viable. There are many opportunities to work with us to achieve these goals.
